District Meeting of NCCW is Held at Long Beach

The regular monthly meeting of the Bay St. Louis District of the National Council of Catholic Women at Long Beach on Wednesday afternoon with a new attendance from the diocese of Bay St. Louis, Pass Christian, Long Beach and Gulfport. Mrs. Alden Mauffray, president, was in the chair.

The meeting was opened with prayer by Rev. Father Malloy, and reports of splendid church and charitable work were given.

Mrs. V. Faulkner, who recently returned from a trip to her native Brittany, presented a splendid paper on France, and especially Brittany, and explained the attitude of the French people towards the American tourists.

Mrs. Faulkner exemplified the piety of the French with their famous shrines and magnificent cathedrals, and stated on every wayside and at every turn this piety was displayed. A most interesting exhibit was on display, containing photographs of natives in costume, historical sites, bric-a-brac, beautiful lace and handwork brought from France by Mrs. Faulkner.

Mrs. Mary Hoffman, of Long Beach, gave an excellent resume of the highlights of the recent diocesan convention held in Natchez and read two papers in International Relations. Part of the theme of the Convention was "We have a Duty - That of Spreading the Faith", and those attending were told that "Only a Moral Re-birth throughout the World can bring us Peace."

Fr. O'Malley gave an interesting talk on the Confraternity of Christian Doctrine and urged members to become more theistic - or God-minded, in order to heed our Holy Father's desires.

PMA Committeemen To Visit Each Farm in County

Every farmer in Hancock County is to have an opportunity to cooperate in the 1953 Agricultural Conservation Program through an on-the-farm visit by his local PMA committeemen.

His points out that the urgent need to take care of every acre of farmland so that our farms will continue to meet the needs of more and more people makes it essential to move ahead in soil and water conservation. This means conservation on more acres that have not been protected and improved in the past and it means more effective use of conservation measures on all farms.

The Agricultural Conservation Program has proved an effective means of getting farmers to adopt soil and water conservation practices on their farms, the chairman points out. And once practices have been established, it has encouraged shifts to other needed practices. This aim is to use the limited assistance available to encourage and help farmers with those practices which otherwise would not be carried out to the extent and within the time necessary to assure the Nation's increasing food needs.

The 1953 Agricultural Conservation Program, he explains, is centered on the most needed conservation practices on the individual farm and ACP assistance will be used only for the most-needed practices.

As the chairman sees it, this use of local farmers as members of committees to administer farm programs is putting democracy to work to serve the interests of all the people. Program has been made, but in this direct and concentrated effort farmers and their

BASE LINE CLIPS PERRINGTON 367 IN THURSDAY TILT

The Bay State Tigers journeyed to Painesville Thursday and came back with a 20-7 victory over a very strong Painesville team.

The Tigers scored a much improved pass defense and with some good work on the line, the team was able to move first downs and then completed passes.

Leading the Tiger attack during the first half was Herman Pollock and Bill Corr, right halfback and left halfback, respectively. After Pollock was injured in the second quarter the Tigers opened a strong passing attack, with Billy James passing to Murphy and Morrow for long, continuous gains.

The Tigers scored in the first quarter on a quarterback sneak by James from the two-yard line. Pollock added to the extra point and the Coast led 7-0.

The lead was short-lived as the Bulldogs came back with E. Coler going over from 25 yards out. Coler also added the extra point and the halftime score was 7-7.

The Tigers kicked to the Bulldogs to open the third quarter, and with the entire Tiger line playing brilliant ball, the Parkstars were held for no gain and the Tigers took over, with James, Corr, Cole and Landers in the backfield pushing the ball to the Bulldog 35 yard line. From this point James passed to Murphy on the 10 yard line, with Bill Corr going over from that point. Terrell Randolph added the extra point as he followed 240-lb. G. Sallier through the middle.

After staying on even terms for the remainder of the third quarter the tigers got hot again and opened a big hole for Ronald Landers, who raced 85 yards for a touchdown. The try for point was no good and the Coast boys led 20-7.

Capt. and Mrs. H. J. Thompson had with them this week their son George H. Thompson and his four sons of Texas City, Texas. Miss Patricia Thompson, assistant Field Director for American Red Cross at Keeler Field joined the family here for a few days.

Selected committeemen will determine the effectiveness of this democratic operation in assuring continued and increasing production.

WHITFIELD PACED TO 24-15 WIN OVER ROCKS FRIDAY NIGHT

Faced by the prospect of defeat at Painesville, Whitfield, the Mustangs of Painesville High School, outscored the Bay State Bulldogs 24-15 Friday night at the Painesville Stadium.

Whitfield possessed a number of touchdowns - all in the third quarter and one each for the second and fourth. All conversion kicks were missed.

Bob Falgout and Alton Perrell contributed the scores for the Rockstars, who now have a record of two wins, a tie and a loss, and a 0-0 tie with McGill of Mobile. Wins came over Big Eight Moss Point 7-6 last week and over Foley, Ala., 32-13.

In previous outings the undefeated Painesville gridders have tied Frontier of New Orleans 0-0; Blunk of Louisiana of the Choctaw Conference 13-0; and mauling hapless Notre Dame of Biloxi 65-6.

Stimulans plays De LaSalle at NORD Stadium in New Orleans this Friday night, and is favored by 6 points.

1953 TAGS NOT GOOD TILL NOVEMBER 1 SAY STATE HIGHWAY PATROL

Colonel T. B. Birdsong, Commissioner of Public Safety, urges all persons to refrain from putting new tags on their cars and trucks until midnight, October 31, 1952, which is the time they become lawful, for the following reasons:

1. It is against the law, as your new tag is no good until November 1, 1952.

2. If someone else hits your car or you, a hit-and-run, and leaves you dying or dead, we have no records of who owns the car and will not have until the Sheriff's finish selling all tags and send records to the Patrol and Motor Vehicle Comptroller.

3. If someone steals your car, we do not have the record. Therefore, it would take considerable time to locate tag, motor number, etc. on hit-and-run, stolen car or any other violation.

We sincerely hope everyone will cooperate in this matter.

Lewis Wagner, employed by the Mississippi Shipping Co. on the S. S. Dal Norte is spending six weeks at home.

So You Can Talk To More People

Adding complex and costly equipment that you never see is one of the big and necessary parts of making it possible for you to reach more and more Mississippians by telephone.

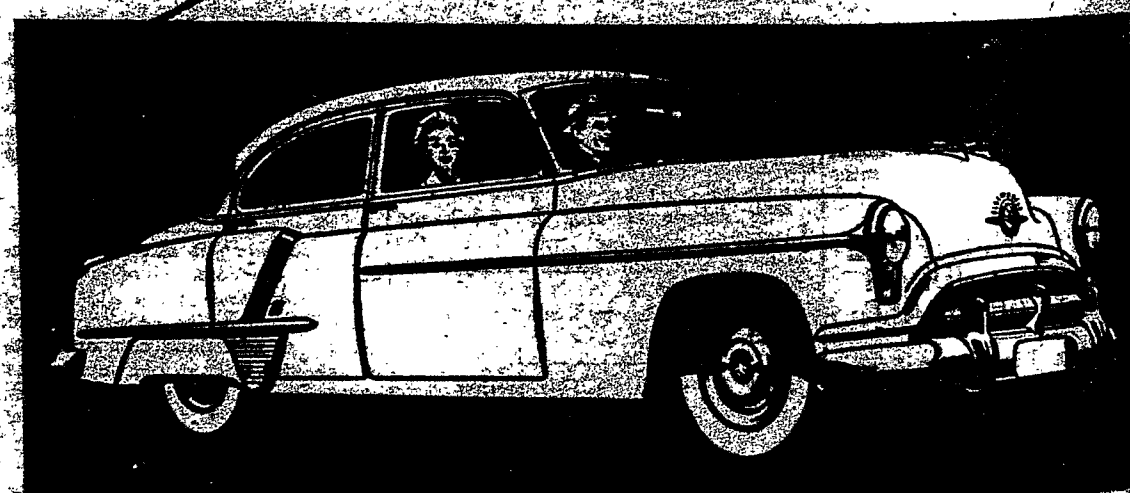

Southern Bell's continuous expansion and improvement program in Mississippi means more new telephones and better service—means all telephones become more useful—and a bigger value than ever before. Just since 1945, Southern Bell workers have added over 126,000 new telephones in Mississippi homes, stores, farms and factories. In this short time the number of telephones has more than doubled.

Keeping telephone facilities growing plays an important part in keeping Mississippi prosperous and in tying together our national defense effort.

Where's Charley?

At Star Theatre
Sunday and Monday

Where's Charley? starring Ray Bolger, with Allyn McLerie, who was his dance partner and co-star during the sensational two and a half year run of the Broadway play from which the Warner Bros. Technicolor film is adapted.

Based on Brandon Thomas' comedy, "Charley's Aunt," with music specially composed by Frank Loesser, the screen story concerns Charley Wykeham, a zany college who masquerades as his wealthy aunt when he is prevented from acting as a chaperone for a party he has planned. While dressed as the elderly woman, Charley is chased by two fortune-hunting characters, neglects his best girl and almost loses her, sets off a series of hilarious episodes on the campus, not the least of which is finding himself locked in a ladies' dressing room. Climax of the impersonation occurs when the real aunt arrives on the scene from Brazil.

Besides Bolger and Miss McLerie, the film features Robert Shackleton re-enacting the role of Jack Chesney, undergrad chum of Charley. Another member of the New York cast, veteran actor Horace Cooper, plays Stephen Spettigue, guardian of the two heroines. A British screen discovery, 18-year old, flaxen haired Mary Germaine; character actress Margaretta Scott; Howard Marion Crawford and Henry Hewitt lend principal support to the star in "Where's Charley?"

Much of the film was shot on actual location at Oxford University, England. Highlight of the picture's colorful song and dance sequences is the exotic "Pernambuco" number—a sizzling Brazilian ballet presentation, as well as several other song and dance production numbers.

Among the popular tunes heard in the screen comedy are "Make a Miracle," "My Darling, My Darling," "Once In Love With Amy" and the title tune.
